

Premier Bligh Admits Fluoride Instructions 'Came From Above' - Confesses Her Orders Arise from Global 'Agenda 21'

Premier Anna Bligh admitted to Earth Media today that fluoride in tap water was something she was 'instructed to do' by a United Nations Policy.

'I certainly don't think fluoride is safe – and I know that it is a toxic poison - but my job is on the line. They give me a script - and I have to say it to the media,' Bligh said.

Voters need to understand that Local and State Government is being bullied and threatened by 'higher powers' and that protests by the community are also being silenced in the media.

'These 'New World' instructions are infiltrating every level of Government and the media. There is nothing we can do to stop them.'

'I know how ruthless it all sounds, but sadly, it's the way society is being controlled.' she added. I'm sorry, but I'm just a pawn in this matter.'
